## Examples of how MUSC is Changing What's Possible...

The DAISY Award recognizes extraordinary nurses for the extraordinary work they do every day. The DAISY Foundation was established for the elimination of Diseases Attacking the Immune System.

Nurses are nominated for the DAISY award across the nation each month. The remarkable skill and kindness rendered by DAISY Nurses are the reasons they are unsung heroes and are honored at a special celebration with a certificate, award pin and a hand-carved sculpture called, "A Healer's Touch."

Jayne Quinn, BSN, RN-BC, Stephanie Greiner, BA, ADN, RN and Sharon Schwarz, MSN, APRN, RN, CDE, just a few of our DAISY Nurses 2013
